

Plant Your Flag — Domain, Analytics & Graduate Badge

Public Launch Verification, Real-Time Web Analytics Ingestion, and FlyRank Graduate Badge Placement

Student: Abdul Sami Uthwal

Track: General AI Fluency (Week 09)

Live HTTPS Domain: abdulsamiuthwal-portfolio.vercel.app

GitHub Repository: [abdulsamiuthwal-eng/Flyrank-assignments](https://github.com/abdulsamiuthwal-eng/Flyrank-assignments)

1. Executive Summary & Public Launch

A custom domain turns a project into a permanent part of your professional identity. This deliverable confirms the public, production launch of Abdul Sami Uthwal's FlyRank AI Portfolio over HTTPS with active analytics, social cards, custom favicon, and the embedded FlyRank Graduate Badge.

2. Launch Hygiene & Verification Matrix

Requirement	Implementation Detail	Status / Verification
1. Live Domain & HTTPS	Vercel Edge Network SSL/TLS Certificate (abdulsamiuthwal-portfolio.vercel.app)	✅ PASS (100% Live)
2. Free Analytics	Vercel Insights & Speed Analytics script (/vercel/insights/script.js)	✅ PASS (Active Tracking)
3. Favicon & Branding	Custom SVG Lightning Badge Favicon (data:image/svg+xml...)	✅ PASS (Browser Verified)
4. Social OpenGraph	og:title, og:description, og:image (sitemap_sketch.png)	✅ PASS (Social Card Live)
5. Twitter Summary Card	twitter:card set to summary_large_image	✅ PASS (Twitter Card Live)
6. Graduate Badge	Embedded FlyRank Verified Badge in footer linking to https://internship.flyrank.ai	✅ PASS (Footer Live)

3. Embedded FlyRank Graduate Badge

4. Injected Analytics & Badge Code

```
<!-- Vercel Analytics & Speed Insights Script -->
<script defer src="/_vercel/insights/script.js"></script>

<!-- FlyRank Graduate Verification Badge -->
<div class="flyrank-badge-wrapper">
  <a href="https://internship.flyrank.ai" target="_blank" class="flyrank-badge">
    <span class="badge-icon"> ⚡ </span>
    <span class="badge-title">FlyRank Verified Graduate</span>
  </a>
</div>
```
